Dear Job Seeker:

You registered to find a job with OhioMeansJobs.com (OMJ) either on-line, in an Ohio Means Jobs Center, or when you filed an unemployment claim.

Based on the employment information you provided, our system has matched you with some employment opportunities. If you are claiming unemployment benefits, Ohio Law requires you to actively seek suitable employment by applying to at least two (2) employers during each week that you collect benefits and keep a written record of your weekly job contacts. We encourage you to apply for additional job opportunities outside of those that may be listed below.

To view the possible job leads below, copy and paste each link individually into a web browser. If no Job Links are listed below, then our system did not find any potential job leads for you this week. Please do not wait for the job leads email to arrive as there is no guarantee that leads will be listed.

**IMPORTANT:** If an employer offers you "suitable" work, you are expected to accept. Failure to do so can result in a suspension of unemployment benefits. If you do not accept work, you will be interviewed to determine if the work was "suitable" and whether you had "good cause" to refuse. In determining whether the work was "suitable", the Ohio Department of Job & Family Services (ODJFS) will consider your occupation; prior training and experience; and the length of your unemployment. ODJFS also considers factors such as the amount of risk to your health, safety and morals; your physical fitness for the work; the distance from your home to the work; and your prospects for obtaining local work. Your prior wages are not normally considered when determining if work is suitable.
